

How to Create an AWS Account: Step-by-Step Guide

Step 1: Go to AWS Website

Visit <https://aws.amazon.com>
click on 'Create account'.

Step 2: Sign-Up Details

Enter your email address, password, and AWS account name.

Try AWS at no cost for up to 6 months

Start with USD \$100 in AWS credits, plus earn up to USD \$100 by completing various activities.

Sign up for AWS

Root user email address
Used for account recovery and as described in the [AWS Privacy Notice](#)

AWS account name
Choose a name for your account. You can change this name in your account settings after you sign up.

Verify email address

OR

Sign in to an existing AWS account

This site uses essential cookies. See our [Cookie Notice](#) for more information.

Valid Email ID

Meaningful Account Name
Better Include project / environment name (Dev, Test, Prod)

Step 2: Sign-Up Details

Enter your email address, password, and AWS account name.

Sign up for AWS

Confirm you are you

Making sure you are secure -- it's what we do.

We sent an email with a verification code to **ravi.smith11@gmail.com**. (not you?)

Enter it below to confirm your email.

Verification code

Verify

Resend Code 4:49

Didn't get the code?

- Codes can take up to 5 minutes to arrive.
- Check your spam folder.

Create password for Root user

Step 3: Choose Support Plan

Select a plan (Basic plan is free)

Sign up for AWS

Choose your account plan

Free (6 months)

Learn, experiment, and build prototypes

- ✓ Receive up to \$200 in credits
- ✓ Includes free usage of select services
- ✗ Workloads scale beyond credit thresholds
- ✗ Access to all AWS services and features

ⓘ After the 6 month free period or when all credits are used, you can choose to upgrade to a paid plan. Otherwise, your account closes automatically.

Choose free plan

Paid

Develop production-ready workloads

- ✓ Receive up to \$200 in credits
- ✓ Includes free usage of select services
- ✓ Workloads scale beyond credit thresholds
- ✓ Access to all AWS services and features

ⓘ After all of your credits are used, you are charged using pay-as-you-go pricing.

Choose paid plan

Step 4: Contact Information

Fill in your contact details.

Earn additional AWS credits

Complete various activities to earn up to an additional USD \$100 in credits, such as creating your first AWS budget to monitor cloud costs.

Sign up for AWS

Contact Information

Full Name

A full name is required.

Organization name - optional

Country Code

Phone Number

+91

222-333-4444

Country or Region

United States

Address line 1

An address is required.

Address line 2 - optional

Apartment, suite, unit, building, floor, etc.

City

A city is required.

State, Province, or Region

Postal Code

A postal code is required.

☐ I have read and agree to the terms of the [AWS Customer Agreement](#)

Agree and Continue (step 2 of 5)

Step 5: Billing Information

Provide credit/debit card details. AWS may charge a small temporary verification fee.

Sign up for AWS

Why is this required?

Our verification process holds USD \$1 (or equivalent) for 3-5 days to verify your account and prevent fraud.

For the free plan, no charges occur until upgrade to a paid plan. Providing your billing information now enables a seamless upgrade to a paid plan.

Sign up for AWS

Billing Information

Billing country

Your billing country determines the payment methods available to you to pay for AWS services.

India

Payment method type

☐ UPI AutoPay
Set up automatic payments using UPI Scan and Pay.

☒ Credit or debit card
AWS accepts all major credit and debit cards.

Card number

Enter card number

A card number is required.

AWS accepts most major credit and debit cards. You might be redirected to your bank's website to authorize the verification charge.

Expiration date

An expiration date is required.

Use MM/YY format.

Security code 

CVV / CVC

A security code is required.

Name on card

Enter the name as it appears on the card

Name on card

Enter the name as it appears on the card

A name on the card is required.

☐ Save card and charge automatically for future payments

Securely save card information as per [RBI guidelines](#).

Automatic payments (e-mandates) currently don't support RuPay and AMEX cards.

Billing address

☒ Use contact address
kalaburagi
kalaburagi, Karnataka, 585102
IN

☐ Use a new address

Do you have a PAN?

Permanent Account Number (PAN) is a ten-digit alphanumeric number issued by the Indian Income Tax Department. This 10-digit number is printed on the front of your PAN card.

☐ Yes

☐ No

 Please answer this question.

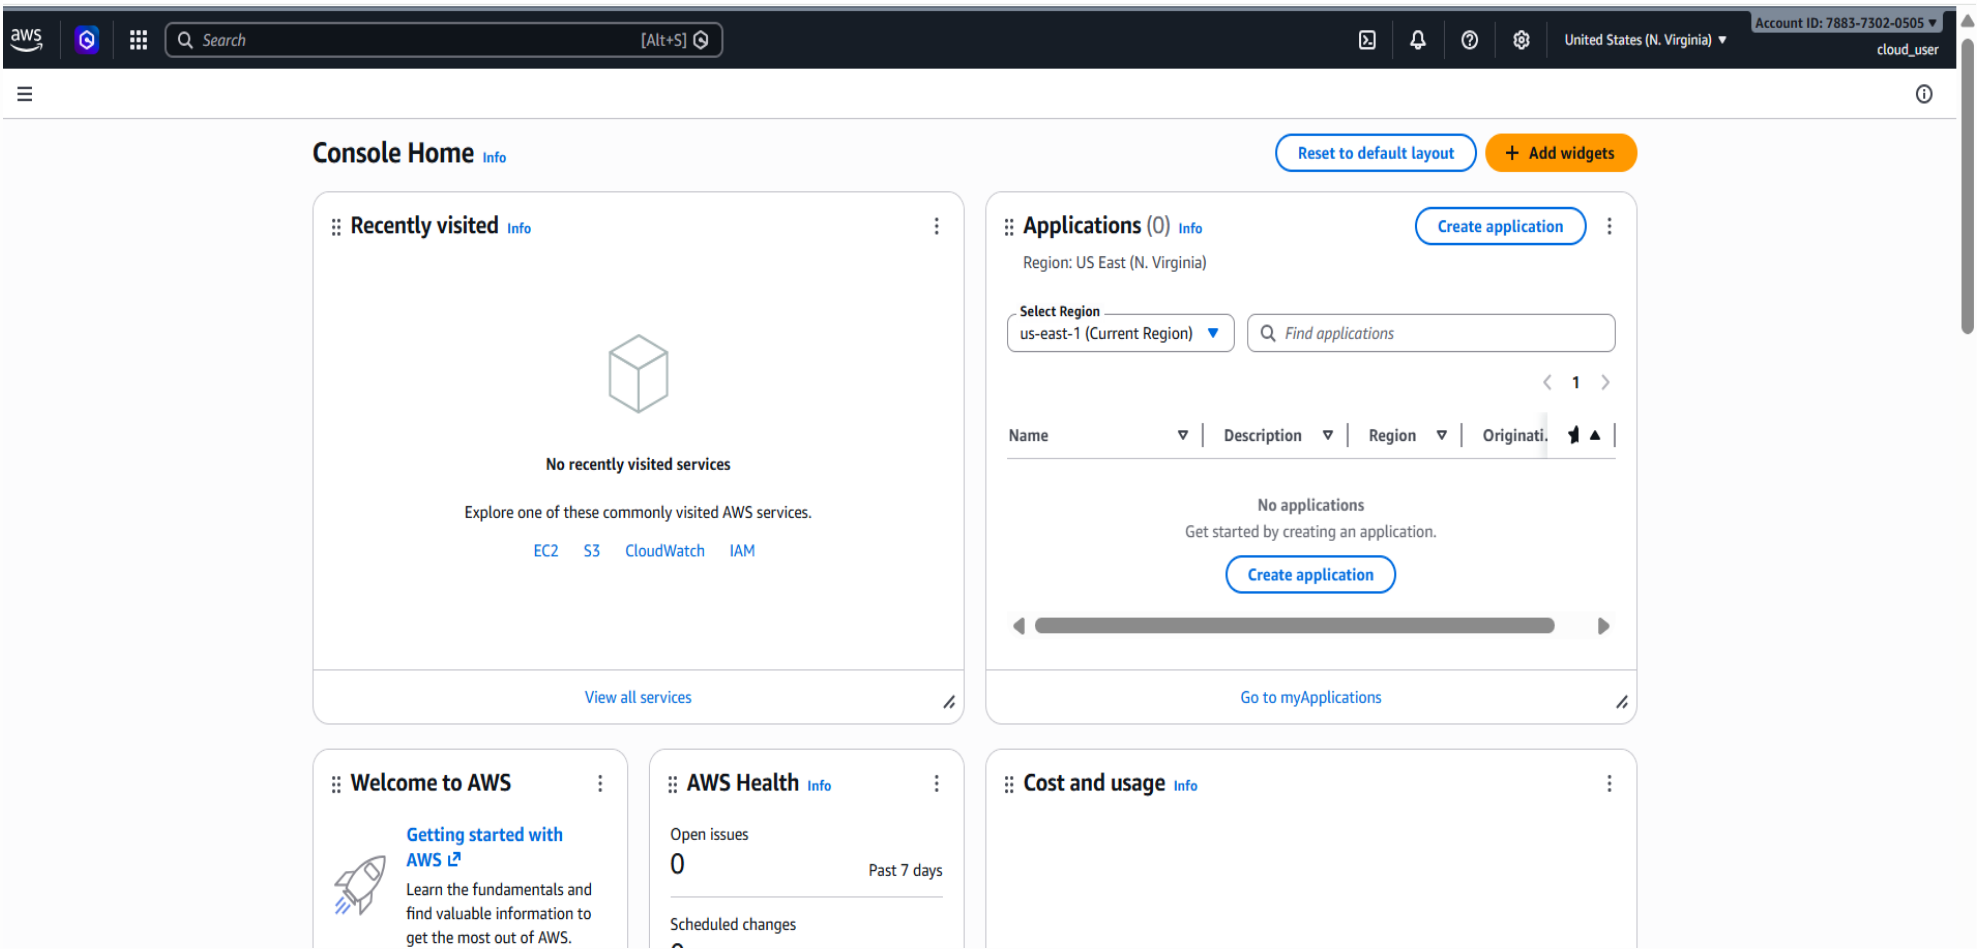

You can go on the [Tax Settings Page](#) to update your PAN information.

Continue (step 3 of 5)

Step 6: Identity Verification

Verify your identity using OTP sent to your phone.

After registration, log in to AWS Management Console to start using services.

Best Practices

- Enable MFA
- Use IAM users instead of root
- Monitor billing dashboard
